

# DBM100

## 12V Dual Battery Volt Meter

An intelligent and compact dual voltage meter ideal for monitoring twin battery installations often found in 4WD and caravan applications.

### FEATURES

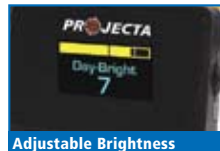

**Voltage Display**

Displays battery volts and an easy to read level indicator

**Scroll-Through Switch**

Changes and sets modes to best suit the application

**Adjustable Brightness**

High intensity L.E.D screen with adjustable brightness for day and night

**Warning Feature**

High and low voltage warnings can be set by user, signalled by flashing screen. Can also display peak voltages

**1.5m Pre-Wired Harness**

Supplied pre-wired with clearly marked instructions for ease of installation

### SPECIFICATIONS

PRODUCT DETAILS		OPERATING RANGE	
<b>PART NO.</b>	DBM100	<b>- VOLTAGE 1</b>	5V – 18V
<b>CURRENT DRAW – IGNITION ON</b>		<b>- VOLTAGE 2</b>	0V – 18V
- BATTERY 1	26.4mA	<b>CABLE LENGTH</b>	1.5m
- BATTERY 2	1.0mA		
- IGNITION	0.5mA		
<b>CURRENT DRAW – IGNITION OFF</b>			
- BATTERY 1	9.4mA		
- BATTERY 2	1.0mA		
- IGNITION	0.0mA
